**MESSAGE OF HIS HOLINESS POPE FRANCIS**

**FOR THE CELEBRATION OF THE 53rd WORLD DAY OF PEACE**

1 JANUARY 2020

“Peace, a journey of hope in the face of obstacles and trial”

Peace is a great and precious value, the object of our hope and the aspiration of the entire human family. As a human attitude, our hope for peace is marked by an existential tension that makes it possible for the present, with all its difficulties, to be “lived and accepted if it leads towards a goal, if we can be sure of this goal, and if this goal is great enough to justify the effort of the journey”. Hope is thus the virtue that inspires us and keeps us moving forward, even when obstacles seem insurmountable.

“By being born in a manger, God himself launches the only true revolution that can give hope and dignity to the dispossessed and the outcast: the revolution of love, the revolution of tenderness.”

“From the manger, Jesus proclaims, in a meek yet powerful way, the need for sharing with the poor as the path to a more human and fraternal world in which no one is excluded or marginalized.”

-Pope Francis

May it be the resolution of all of us in the year 2020 to be part of The True Revolution of Hope, The Revolution of Love, The Revolution of Tenderness Launched by the Christ Child!

Peace on Earth!
